

BVCG - August to October 2020 Programme

As the no's of volunteers on each task are restricted at present, this programme is for information.
 The leader each week will determine the no of volunteers for the team and contact them specifically (until further notice).
 To ensure all get the opportunity to resume, we will rotate the list of volunteers who have indicated a willingness to resume tasks, so it is very likely that individuals will not be called upon every week (until restrictions allow us all to reconvene).
 For the time being, there is no car sharing (apart from same household), so please make own way to task location when contacted.
 Please bring own refreshments as none provided until further notice
 Hand washing, sanitising and tool cleaning materials will all be provided
Please do not pass this programme on to anyone else without checking with us first.

Date	Site	Activity	Leader	No. required	Details
5th August	Filby church	Thorn Apple removal	Brian	11	Working with Eilish, NWT's Trinity Broads Warden two teams of 6 working from each end of the site to remove this invasive plant from their newly acquired large site, plus raking and burning
	Filby Bridge	Pathway clearance	Jerry	6	Brushcutting the edges of the pathway down to broad and raking spoil
	Hemblington Church	Rake	Ian	6	A small team lead by Ian will be raking the pre-cut churchyard as part of the management programme
12th August	Ormesby Water Works	Raking and Burning	Brian	12	Working with Eilish, NWT's Trinity Broads Warden, on the hay meadow at the Water Treatment Works raking the meadow and hopefully burning (if the wind direction is OK)
	Filby Church meadow	Cutting	Jerry	4	Working with Eilish, NWT's Trinity Broads Warden, to cut the meadow following the removal of the Thorn Apple
19th August	Filby Church meadow	Raking	Nigel	6	A team of 6 (restricted due to NWT volunteer no's restrictions) to rake the meadow and stack the spoil
	Ormesby Water Works	Cutting/ raking / burning	Nigel / Steve/Andrew	9	Working with Eilish, two teams - one at back of WTW (6) cutting and raking, one at front (3) mowing
26th August	Worstead Church	Cut and rake	Mike / Jean	all	Returning to cut and rake this beautiful churchyard which we did for the first time last year
2nd September	Cremers Meadow	Cut and rake	Jerry	15	Working with Gill and some of the Friends of Cremers Meadow to cut and rake this
	Roman Wood	Raking	Nigel	14	Nigel leading a team to rake the area which left earlier in the summer, cut will have been done in advance
9th September	Belaugh Church	Cut and rake	Neville	all	Cutting and raking at Belaugh's historic churchyard - expect more ghostly stories from Neville
16th September	Marty's Marsh	Cut and rake	Andrew	Confirmed	After a good start last year, we return to this exciting Blofield / Brundall border venue to maintain the meadow as part of its management programme
23rd September	TBC	TBC	TBC	TBC	Our provisional task is not required so will fill with alternative soon
30th September	How Hill	TBC	Andrew	TBC	We return to this excellent wildlife and conservation education venue
	Houghen Plantation	Sapling Tree removal	Jerry	TBC	This site is destined to become a public wildlife area on the outskirts of the city. Our work here with David Weaver the site warden has been helpful and the flora and wildlife species are growing
7th October	Hoveton Church	Cut and rake	Jerry	Confirmed	Jerry will lead a small team to cut and rake
	Hemblington Church	Raking	Ian	TBC	The local farmer will have cut the site ahead of our small team of rakers arriving
14th October	Beighton Church	Cut and rake	Andrew	TBC	(Provisional - TBC)
21st October	St Benets Abbey	1/2 cut and rake	Mike	Confirmed	A big job so lets hope there's no restrictions on no's by then
28th October	5 Walsham Fen	Raking	Ian	TBC	BADCOG will have cut this interesting site so the raking and staking is the order of the day
	Southwood Church	Raking	John	7	

If you are thinking of joining us for the first time, please contact us.
